

Week 1 and Week 2 - KIWI Hub

“Think Like a Game Designer”

We would love you to complete 1 activity a day (only if you can).....but more is ok too. We will keep this posted until Friday 24th April. On Monday 20th April join in the MAD Challenge for that week around games!
We would love you to share your learning during the week on your Hub page- get mum or dad to help- your teacher will be checking on you as well and posting activities and TLC lessons- so pop on and see her!!

<p>Navigate I will begin...</p> <p>What makes a game fun?</p> <p><i>Select some games that you have at your house. It might be a family favourite, something you learnt at school, a game your parents might know and could teach you or possibly you have a game in the cupboard that you've never played before!</i></p>	<p>Play the games and think about what makes a game fun to play.</p> <p>Here are some questions to think about:</p> <p>Do you enjoy playing this game? Would you play this game more than once? What do you like about it? What would you change? Is this a game of luck or skill? How did you know how to play this game?</p>	<p>* Write down 3 things you like and 1 thing you don't about each game.</p>	<p>Remember – there are all types of games. Board games, card games (don't forget Pokemon and Magic), dice games, outside games (if you can), video games, puzzles, word games and more.</p>

P.E.P Time – Participate, Effort and Persevere Living our school values!

<p>Venture Out I will build....</p> <p>Students are able to choose which activities they want to complete over a two-week period. We suggest you/they complete two tasks from each area, one task a day.</p>	<p>Maths....</p>	<p>What's the chance? Using a dice roll it and record how many times you roll each number. You could make your own dice with different numbers on it.</p>	<p>Who's the best gamer? Set up a family game challenge. Play a game each day and keep a tally of the scores/winners using a tally chart.</p>	<p>Card Shark Play card games like snap, memory or go fish. If you don't have cards you can make a simple pack of cards using the card from a cereal box. Use numbers 1 -10, you might need 2- 4 copies</p>
